

# Construction Accounting University

- » The *Construction Accounting University* consists of several video classes that are designed to guide contractors through the transformation from standard accounting methods to construction accounting methods
- » [www.deltek.com/NAWIC](http://www.deltek.com/NAWIC)

# What You'll Learn in This Webinar

- » What Work in Progress reporting is and why it's important for contractors
- » How frequently and how detailed WIP reports should be for your particular business
- » The different types of WIP calculation methods and when they are applicable
- » How to avoid common WIP mistakes
- » How to get started with WIP if implementing for the first time
